(Wheelchair and Para-Ambulatory)

Definition:

Wheelchair and Para-ambulatory track and field competition is open to male and female athletes with physical disabilities such as dwarfism, amputation/limb loss, blindness/visual impairment, spinal cord injury/wheelchair-users and cerebral palsy/brain injury/stroke.

General Eligibility:

An ambulatory Para-athlete must have a permanent orthopedic, neuromuscular, visual, or

other physical disability. Permanent orthopedic impairment and/or visual impairment shall be verified by a licensed physician and maintained on permanent file at the school. Additionally, similar requirements exist for wheelchair Para-athletes. Blind student-athletes (B1, B2, B3) will only qualify for para-ambulatory and each school may only have 3 athletes per event. Blind students must compete as a tethered athlete and will require two lanes.

All high school students with a permanent, physical disability may be eligible to participate on their school's track and field team.

Students who participate must meet all AHSAA eligibility requirements. Students shall be members of the school's track and field team and shall have the opportunity to compete at the school's regular season meets (regardless of the number of adapted competitors).

Each school must complete and submit a Para-Ambulatory Track and Field Athlete Declaration form.

Para-ambulatory athletes must be identified and listed in C2C before the track season begins.

Each para-ambulatory or wheelchair athlete must be listed in C2C as an adaptive sport athlete. (Instructions for entering and declaring will be posted as new forms are made available.)

Divisions:

Two divisions: Male Female

Events:

Para-ambulatory Wheelchair:

Track: 100, 200, 400

Number of events allowed: same as able-bodied (4).

Wheelchair and para-ambulatory athletes do not compete against able-bodied athletes, but rather compete against time standards for their division as set by:

Track & Field (Athletics)- <https://adaptivesportsusa.org/athletics/>

Adaptive Sports USA- <https://adaptivesportsusa.org/contact-2/>

Section, State Competition

1. Schools in each class will qualify for state competition in four section meets.

A school may enter three participants in each event and one team relay in each relay event for every division in which it is competing. (A participant or relay team is “entered” upon checking in with the Clerk of the Course or at the meet scratch meeting.)

Each class in a section will qualify the top 5 performances meeting qualifying standards for each event. Also qualifying will be the next 4 best performances (wildcards) meeting qualifying standards from all four sections per class event. If any of the top 5 finishers in a section event do not meet the qualifying standards, additional wildcards that meet qualifying standards in that event may be selected from the other sections in that class. A maximum of 24 may qualify for each state meet event. Wildcard ties for running events will be broken by reading times to the thousandths of a second and for field events by using the standard procedure based on misses or attempts.

A competitor shall not compete in more than four events, including relays.

2. All section meets must be run on two days using the designated event schedule. Each section must use the Hy-Tek (3.0 or better) computer software program with a photo-finish, automatic timing system to administer its meet. (Field Series must be used for all field events. This allows an accurate way to break ties. Any tie for 5th place must be broken before section meet.)

The entries for each sectional meet will be done online at the Alabama Runners website (www.alabamarunners.com.) Every school entering a section meet must use this site and set up the school with the four-letter codes already assigned. All questions or problems regarding entering a section meet should be directed to Alabama Runners.

Seeding for sectional meets must be based on verifiable performances in the Alabamarunners.com database. Timing for the state meet will be done by Xpress Timing, which may be reached at 205-368-9875 or xpress28@aol.com.

After the section meets, each director will be required to submit all state qualifiers via the results to xpress28@aol.com no later than 10 a.m. on Sunday following the meet. By midweek Xpress Timing will post the heat sheets for the state meets on www.ahsaa.com and www.xpresstiming.com and send heat sheets to the state meet directors. All questions and comments about timing and scoring of sectional and state meets should be sent to xpress28@aol.com.

3. Each section meet should follow the meet schedule for the 1A-3A state meet (all meets will be two days). All the section events should be completed, then the minimum qualifying standards will be applied to determine the qualifiers for the state meet.

In all throws and horizontal jumps, participants should be given three trials and then nine athletes advance to the finals for three more attempts. When all throws and jumps have been completed and scored, then the minimum qualifying standards are applied to determine qualifiers for the state meet.

4. Eight places will be scored. Scoring will be 10-8-6-5-4-3-2-1 for individual and relay events.
5. Entries for all section meets must be submitted online at www.alabamarunners.com five days

before the meet date. Late entries will not be accepted. No telephone entries will be taken.

6. In relay events, a substitution for an injury can be made with a student already entered in the meet. The jury of appeals will determine the legitimacy of the injury. (Note: An entry that is scratched may participate in any other event already entered.)
7. Scratch meetings will not be held for section meets. A time schedule for the order of events is available from each section meet director.
8. The section entry fee is \$100 per boys team and \$100 per girls team. Entry fee is \$20 per individual for four or less entries. Ribbons may be awarded to individual winners at the discretion of each section. No entry fee is required for the state meet.
9. Admission: Section—\$5 per day; State—\$10 per day.
10. Each section director must send a complete backup of the section meet results to xpress28@aol.com no later than 10 a.m. Sunday. By 1 p.m. Monday, a performance list with wild card qualifiers included will be posted on the AHSAA (www.ahsaa.com) and Alabama Runners (www.alabamarunners.com) websites. It is the responsibility of each coach and athlete to check these lists for wild card qualifiers.

Participants may be scratched from an event and still be eligible for any other events in which he/she has been entered. If a participant who qualifies in an individual event of a section meet cannot compete in the state meet, the coach must notify the section director who must notify Xpress Timing.

Any athlete advancing to the state meet after 1 p.m. Monday will be notified by his/her coach, whose section director has forwarded the notification from Xpress Timing.

No changes will be accepted after 12:00 noon on Tuesday for state competition. Complete, printable heat sheets will also be posted on the websites mentioned above no later than noon Wednesday. No replacements are permitted on the day of the state meet.

11. Time limits will be in accordance with NFHS rules. A bungee cord may be used during warm-ups before the high jump and pole vault starts. The bungee may not be used once competition has started.
12. No artificial noisemakers (radios, etc.) and laser pen lights or pointers are allowed in section, state and AHSAA-sanctioned meets. Anything that interferes with the progress of the meet may be restricted.
13. In all track events at all levels of competition, a runner who commits a false start shall be disqualified.
14. The members of a relay team may be changed between the section and state meet.
15. A participant in an individual event must qualify for the state meet in a section meet (do not ask for exceptions).
16. In case of a tie for the final qualifying place in any section field event, a “jump-off” must be held to determine the qualifier for the state meet. In running events, ties for 6th place will be broken by going to the thousandths (.001) in the participants’ times.
17. Once the state meet has started, the referee, along with the games committee when needed, shall resolve all questions that arise during the meet. The decision of the referee is final.
18. A \$25 protest fee is required for all section and state meets.
19. All implements (shots, discus and javelin) must be weighed in at section and state meets, preferably prior to the start of the meet. Implements **must** be weighed in before the event competition starts. No implements will be added in the competition after the event starts, and only those approved may be used.
20. Heat sheets will not be provided at the state meets. Coaches should print their own heat sheets.
21. Pole vault verification forms are available online. Coaches should print the forms and bring them to the meet(s) completed and signed.
22. Only 1/4” pyramid spikes are allowed on the track surface and runways at the state meets. Grass spikes (or similar) may be worn on the grass surface for the javelin. The penalty for failure to comply is disqualification after being warned.

State Qualifying Standards

After section meets are completed, qualifying standards are applied to determine qualifiers for the state meet.

The vaulting pole may have binding layers of adhesive tape of uniform thickness on the grip end. Multiple layers applied below the mid-point to prevent wear from the planting box is acceptable. It is recommended that layers should be wrapped from bottom to the top, to prevent the rolling of the tape to provide an illegal grip.

Coaches who need to order bands for pole vault poles or have questions can contact the following manufacturers: Gill Athletics, Inc. (www.gillathletics.com); UCS/Spirit (www.ucspirit.com) and ESSX (www.officiallessx.com).
